We make a specialty of these essential studies, and for the sum of \$50 a person may attend the day session for a period of ten nonths. Six months is found sufficient in some cases, and in others only five months is necessary, but we do not wish anyone to be deceived in thinking that these cases are the average, for they are not. Every woman loves to think of the time when a soft little body, all her own, will nestle in her bosom, fully satisfying the yearning which lies in the heart of every good woman. But yet there is a black cloud hovering about the pretty picture in her mind which fills her with terror. The dread of childbirth takes away much of the joy of motherhood. And yet it need not be so. For sometime there has been upon the market, well-known and recommended by physicians, a

Mother's Friend which makes childbirth as simple and easy as nature intended it. It is a strengthening, penetrating liniment, which the skin readily absorbs. It gives the muscles elasticity and vigor, prevents sore breasts, morning sickness and the loss of the girlish figure An intelligent mother in Butler, Pa., says: "Were I to need Mother's Friend again, I would obtain 9 bothes if I had to pay \$5 per bottle for it."

"Having been left weak from fever last October, I was under the doctor's care here," writes Mrs. Alice E. Casehier, of Crawford, Dawes Co., Neb. "I took medicine, but did not seem to gain very much. I was tired all the time, had no appetite, had wandering pains all over me more or less, and was very nervous, as I had been sick all the summer. I was all run-down and didn't know what ailed me. I got advice from Dr. Pierce, Itling me my symptoms better than I could describe them myself, and also telling me that I would have to take care of myself, and how to take the medicines. I took four bottles of Golden Medical Discovery, and five of 'Favorite Prescription,' and gained strength right along. I took one bottle of the 'Pleasant Pelets,' also.
